DATES	DESCRIPTION
Youth Art Camps for Ages 7–9	
SESSION 1 Comics and Graphic Novels (Ages 7 - 9) 07/09 – 07/13	Write and draw your own story! Students will learn to develop an idea and turn it into a comics page or strip. Explore the art of putting together elements of a comic book: panels, balloons, characters, and symbols. Using pencils and ink students will explore different ways of telling stories and creating characters, leading up to the creation of a class comic book.
SESSION 2 Scissors, Tape and Glue Everything (Ages 7 - 9) 07/16 – 07/20	This camp is all about putting things together and building. They will transform drawings into 3 dimensional works of art while working on concepts like visual balance and narrative. Students will create collages, wall-hangings, buildings, spaceships and cars out of cardboard, plastic, paper, wood and much more.
SESSION 3 From Recycle to Art (Ages 7 - 9) 07/23 – 07/27	Reinvent everyday objects into new and beautiful artistic creations. Students will find inspiration in plastic bottle caps, plastic silverware, old magazines and newspapers. The sky's the limit for our imaginations as we reinvent disregarded items into functional and decorative pieces. This week will focus on taking things apart and putting them back together to make new and imaginative art.
SESSION 4 Past and Present Artists (Ages 7 - 9) 07/30 – 08/03	Step back in time, and journey through the world of art! Each day will focus on a different artist and students will create their own work using similar inspiration and techniques. Students will explore perspective, abstraction, point of view and cubism through the use of traditional drawing and painting materials.
SESSION 5 Develop your own Characters (Ages 7 - 9) 08/06 – 08/10	Use your imagination to create your own characters! Who is he/she/them? What do they like? How do they dress? Students will develop a character and explore techniques using pencils, markers, ink, paint and mixed media. On the first day students will decorate a work box for storing all their ideas and work in progress. By the end of the week each student will have finished characters and several unused parts and pieces they can continue playing with after the camp is over.
